Specific procedures have been established for allowing a head covering to be worn for medical or religious reasons. A player who is required to wear a head covering for medical or religious reasons must provide a physician’s statement or appropriate documented evident to the state association for approval. If approved, the state association shall provide written authorization to the school to be made available to officials. States are at liberty to determine the system for approval that works best in that state.

- NOTE: Schools are reminded athletes should have this PRIOR to games.

11. NFHS Basketball Rules Changes – 2023-24

2-1-3 NOTE (NEW): Requires the shot clock operator to sit at the scorer's and timer's table, if using a shot clock.

Rationale: Establishes the placement of the shot clock operator for those states utilizing the shot clock and the growing use of video boards that allow tablet control from anywhere in the gym.

3-4-5: Requires uniform bottoms on teammates to be like-colored while allowing different styles of uniform bottoms among teammates.

Rationale: Clarifies that teammates must all wear like-colored uniform bottoms but may wear multiple styles while aligning language with other NFHS rules codes.

3-5-6: Allows undershirts worn under visiting team jerseys to be black or a single solid color similar to the torso of the jersey. All teammates wearing undershirts must wear the same solid color.

Rationale: Allows schools with hard-to-find colors to wear black under visiting team jerseys while continuing to require all team members to match.

4-8-1: Eliminates the one-and-one for common fouls beginning with the seventh team foul in the half and establishes the bonus as two free throws awarded for a common foul beginning with the team's fifth foul in each quarter and resets the fouls at the end of each quarter.

Rationale: Improves flow by providing an opportunity for teams to adjust their play by not carrying over fouls from quarters 1 and 3 to quarters 2 and 4 while significantly reducing the opportunity for correctable errors to occur. Minimizes risk of injury by eliminating the one-and-one and reducing opportunities for rough play during rebounding opportunities.

7-5-2 thru 4: Establishes four throw-in spots (the nearest 28-foot mark along each sideline or the nearest spot 3-feet outside the lane line on the end line) when a team gains or retains possession in their frontcourt after the opponent commits a violation, a common foul prior to the bonus, or the ball becomes dead (i.e. inadvertent whistle or a held ball).

Rationale: Simplifies throw-in procedure when a team gains or retains possession for situations other than an out-of-bounds throw-in.

7-6-6: Allows the official administering a throw-in to the wrong team to correct the mistake before the first dead ball after the ball becomes live unless there is a change of possession.

Rationale: Allows for a correction of an official's mistake in a more reasonable timeframe.

9-3-3: Establishes that a player may step out of bounds without penalty unless they are the first player to touch the ball after returning to the court or if they left the court to avoid a violation.

Rationale: Allows a player to step out of bounds if they gain no advantage and penalizes a team only if they gain an advantage by leaving the court and returning to avoid a violation or to be the first to touch the ball.

When games are held at neutral sites, a list of appropriate contact persons will be provided. No NHIAA tournament event may be televised "live" unless under contract with the Association. The NHIAA has the current listing of the tournament events to be televised "live" under contract for the current year.

16. SPORTSMANSHIP TAUNTING:

Taunting in all sports is a flagrant unsportsmanlike foul which shall result in the ejection of the participant from that day of competition, plus the next day of scheduled competition.

Taunting is defined as:

"Any actions or comments by coaches, players, or other game personnel which are intended to bait, anger, embarrass, ridicule, or demean others, whether or not the deeds or words are vulgar or racist. Included is contact that berates, needles, intimidates, or threatens based on race, gender, ethnic origin or background, and conduct that attacks religious beliefs, size, economic status, speech, family, special needs, or personal matters."

Examples of taunting that would lead to ejection include, but are not limited to "trash talk", physical intimidation outside the spirit of the game, reference to sexual orientation; "in the face" confrontations by one player to another; standing over/straddling a tackled or fallen player.

NOTE: This policy reinforces the responsibility of game officials, site managers, and game directors during regular season and NHIAA Tournament play.

Every administrator and coach whose school participates in a tournament is charged with the important role of teaching the highest principles and standards of behavior. The school administration should never overlook any opportunity to remind and emphasize, tactfully, the need and value of proper respect of the opponents with regard to their organized cheering activities and any banners or placards which they might display, the decisions of the game officials, and the importance of desirable and proper conduct both at home and away. Every Administrator and coach should hold in mind that every coach must rely on the conduct and sportsmanship of the students and spectators from all schools. Your influence and prompting will be reflected by the action of your followers.

We are sure that you concur with the Basketball Committee in its belief that tournament coaches to promote the highest principles of sportsmanship in tournament games should exert considerable effort. You are urged to give the officials your utmost cooperation in helping them to keep rowdiness and unsportsmanship to a minimum, or if there are some who desire to view the games while under the influence of intoxicating beverages, they will be evicted from the gymnasium.

Any school participating in an NHIAA Tournament contest shall appoint a school designated adult representative to be in attendance at the tournament. The designated representative shall be appointed by the Principal and shall not be the coach for that sport. The designated school representative must identify himself/herself to the game director upon arrival at the tournament event. He/she shall be available throughout the event with the responsibility of identifying and assisting the game director when corrective action is necessary to control incidents of poor sportsmanship involving their school.

17. MEDIA:

Media (print and electronic) have been issued "media" passes to all tournament events. Electronic media, (radio, television, cable television) are to sign-in with the press gate supervisor at all events.

18. FIFTY/FIFTY (50/50) RAFFLES:

Fifty/Fifty drawings are permitted by the New Hampshire Interscholastic Athletic Association (NHIAA); at the site of an NHIAA member school hosting any round of an NHIAA tournament event(s). Fifty-fifty raffles will not be permitted at "neutral sites" that are not NHIAA Member School sites.

19. SCORER'S NOTIFICATION OF "BONUS":

The bonus is the two free throws awarded for a common foul (except a player-control or team-control foul) as follows:

- a. Beginning with a team's fifth foul in each quarter, two free throws are awarded, regardless of whether or not the first free throw is successful.
- b. Team fouls will be reset to zero at the end of each quarter.

Scorers must understand this rule and consequently convey the information to the officials. If an error is made in awarding the correct number of free throws, it may be corrected within the limits allowed in NFHS Rule 2-11.

20. MEDICAL COVERAGE AT ATHLETIC EVENTS (By-Law Article III, Sect. 1):

The importance of the long-range safety of high school athletes cannot be overstated. Consequently, the NHIAA and its member schools will favor medical safety over any other countervailing concerns including competitive advantage. Every high school in New Hampshire must make provisions for **licensed** medical personnel at all practices and contests. The types of provisions that are acceptable are (the provisions are in alphabetical order, not preferential order):

- A. Athletic Trainer
- B. Board Certified Sports Physical Therapist
- C. Emergency Medical Technician
- D. Nurse
- E. Nurse Practitioner
- F. Physician
- G. Physician Assistant
- H. Systems developed to call medical personnel to the site of the athletic event

At the athletic competitions where medical coverage is either provided or mandated by the NHIAA, injuries sustained by athletes will be evaluated by the designated medical personnel. The clearance to re-enter competition after an injury will be made by the designated medical personnel only. Absent unanimous agreement between the designated medical personnel to allow continued participation, an injured player will not be allowed to return to the game. Their decision is final and cannot be overturned by the coach, coaching staff, parents/guardians, or any non-designated personnel.

When the NHIAA provides qualified medical personnel and member schools also provide qualified medical personnel, it is expressly understood that the NHIAA provider shall defer to the school designated qualified medical personnel if requested. If the member school does not provide qualified medical personnel or if no deferral is requested, the NHIAA provider will act as the designated medical personnel. In choosing who should act as the designated medical personnel, all medical personnel are expected to act in the best interests of the student athletes and participate to the extent that his or her expertise will increase the quality of the care delivered. Prior to the start of the event the NHIAA assigned medical personnel, in conjunction with the designated site manager, should review this requirement and determine

the procedures/chain of command to be identified during the event to ensure compliance with the provisions stated in this By-Law.

Note: Student trainers, high school or college, cannot be used to meet the provisions of this By-Law.

21. **BLOOD SPILLAGE AND BODY FLUIDS:**

The NHIAA Sports Medicine Committee suggests that each school develop a local policy in cooperation with their local medical personnel, on how to handle blood spillage.

Housekeeping Procedures for Blood and Body Fluids

Disposable latex gloves should be worn to avoid contamination of the hands of the person cleaning spillages involving blood or other body fluids and secretions. Persons involved in cleaning contaminated surfaces should avoid exposure of open skin lesions or mucous membranes to blood or body fluids. A freshly prepared solution of dilute household bleach (one quarter cup of bleach diluted in one gallon of water) or other disinfectant labeled as *virucidal*, *Tuberculocidal*, *staphylocidal* is useful. Allow the disinfectant to stand wet for a minimum of one minute to start killing pathogens and disinfecting the area (10 minutes of disinfection time guarantees surface sterility). Whenever possible, disposable towels, tissues, and gloves should be used and properly discarded and mops should be rinsed in disinfectant.

NFHS Rule 3, Sect. 3. Article 7: A player who is bleeding, has an open wound, has any amount of blood on his/her uniform, or has blood on his/her person, shall be directed to leave the game until the bleeding is stopped, the wound is covered, the uniform and/or body is appropriately cleaned, and/or the uniform is changed before returning to competition, unless a time-out is requested by, and granted to, his/her team and the situation can be corrected by the end of the time-out.

Should neither school satisfy the Committee requirements, the Committee will set out to find an appropriate neutral site.
